

Caring for children with cancer

www.impactchild.org

IMPACT's Vision

To improve access to quality care and treatment for every child in India with cancer.

Today, 85 out of 100 children with cancer can be cured worldwide.

In India, less than 20 out of 100 children with cancer are cured.

IMPACT's Mission

1

To ensure that every child with cancer receives optimal treatment to live a dignified life free of suffering.

2

To provide a sustainable and replicable model of care for treatment of children with cancer across India.

3

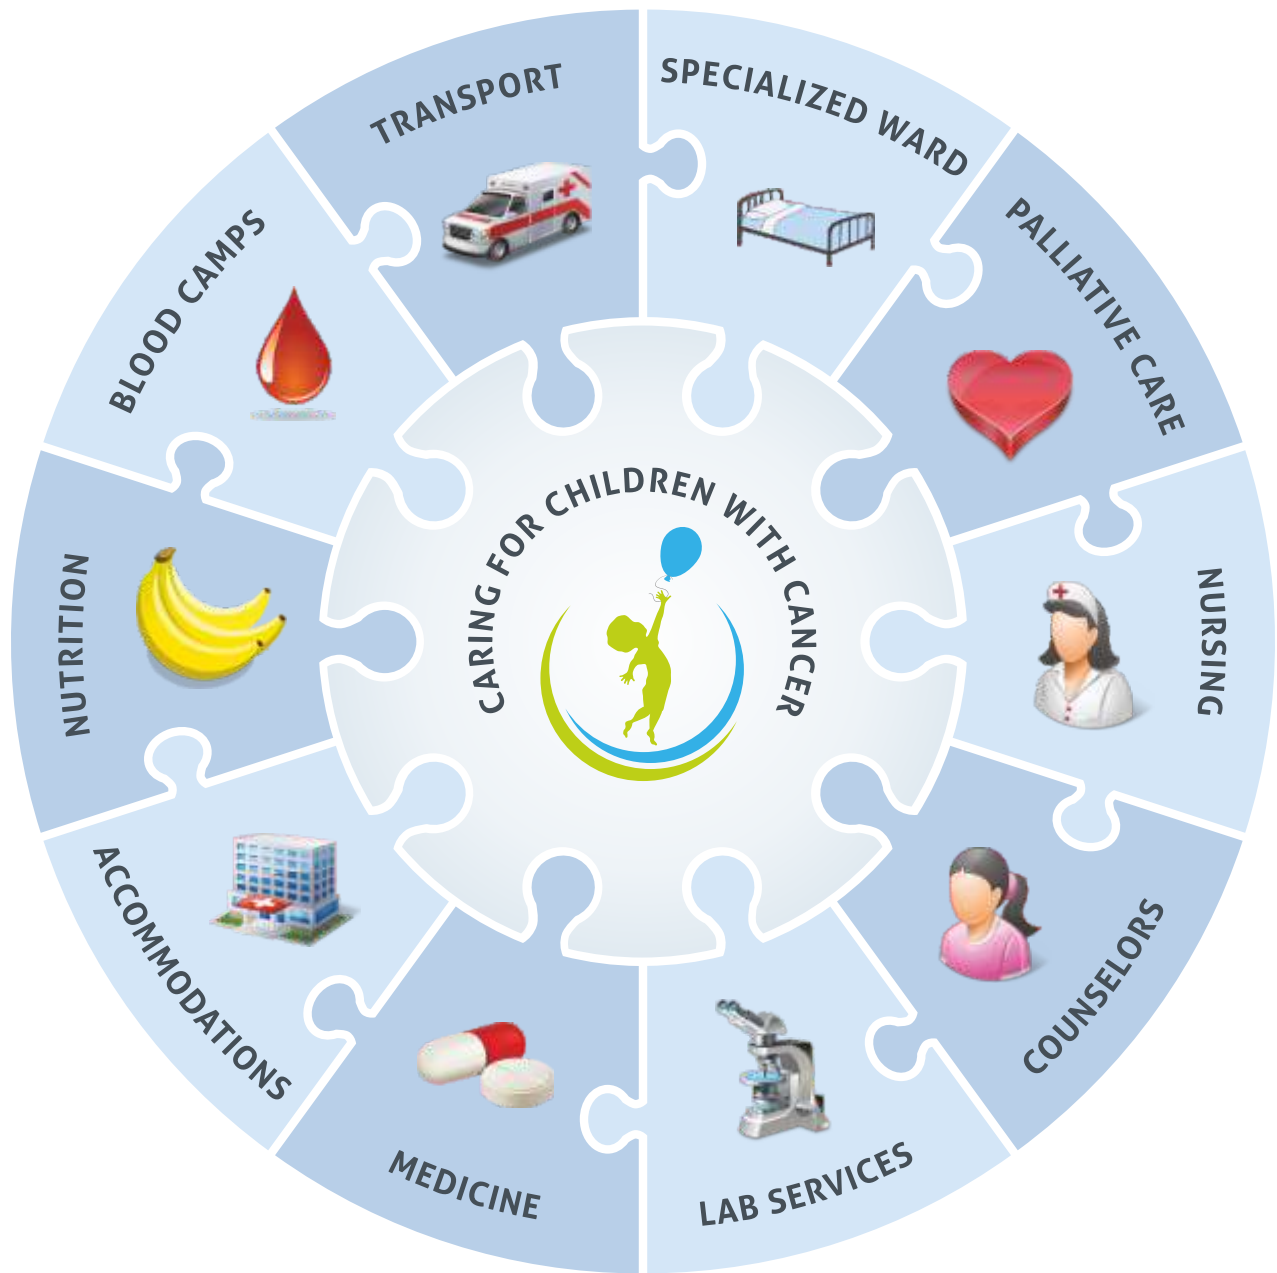

To increase the overall cure rate of childhood cancers and decrease the treatment abandonment rate by providing quality infrastructures and holistic support to children and their families.

4

To bridge the gaps in public hospital infrastructure by creating a comprehensive ecosystem of partnerships to provide specialized care including accommodations, food, transport, blood products and lab services.

Currently we operate out of MNJ Institute of Oncology, a regional cancer center based in Hyderabad, Andhra Pradesh. Our efforts have led to the establishment of the largest pediatric oncology ward in the state and increased the overall cure rate to 40%. We hope to create a replicable model of care that can be reproduced in government hospitals across India.

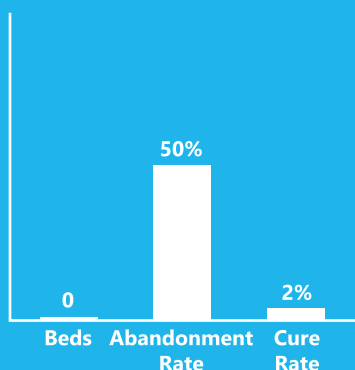

The IMPACT Ecosystem

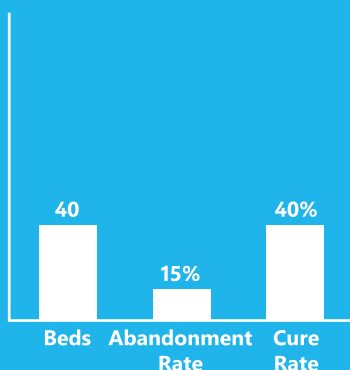

The heart of our treatment system is the CARE Team, a skilled group of doctors, nurses, counselors and volunteers. This dedicated team provides day-to-day, hands-on care and support to children and their families. In addition to our CARE Team, we are also committed to providing important support services including accommodations, nutritious food, palliative care, transport, medicines, blood products and lab facilities.

Our IMPACT on Childhood Cancers in Andhra Pradesh

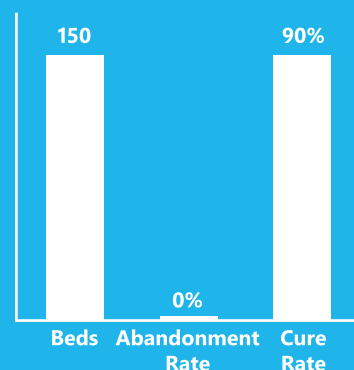

Before 'IMPACT'

Now

Our Goal

Our model of care at MNJ Institute of Oncology & Regional Cancer Center, Hyderabad is creating a significant impact in the lives of children with cancer.

Contribute

We would be grateful for any donation - no amount is too small for us. Please visit our program at MNJ and consider donating your valuable time to support our activities.

All contributions to 'IMPACT' are exempt under 80G of Income Tax Act.
